Dear Prof Yaprakci,

I'm sending the signed acceptance letter for post graduate students. Also, I'm sending the signed Erasmus interinstitutional agreement between Afyon and Skopje.

I would like to especially thanks prof. Halil Selcuk Biricik, for his efforts and the given opportunities not only for cooperation with Erasmus projects but also for the given opportunity for the signing of the Erasmus agreement, which gives us great possibilities for cooperation between the two institutions.

We are waiting for you to visit our institution.

Best Regards,
